Here you can give your child a strong foundation for the future!

This program is for children who will be 2 years old no later than 12/1. This is a 4-hour per week program, meeting 2 hours each day on Tues. & Thurs. It will be your child's introduction to a "classroom environment" without the active participation of a parent or guardian. Our specialty is low teacher/child ratio. We will accept no more than 10/12 children in a class with 2/3 teachers. Children will engage in circle time, story time and other activities as ways of being introduced to creative learning. There is also ample time for free play and socialization.

It is not necessary for your child to be toilet trained to participate.

Children must be 3 years old before 12/1. The class will meet Monday, Wednesday and Friday for 2½ hours each day. Class size is small enough to enable personal attention but large enough to ensure that children benefit from socialization with their peers. The ratio of no more than 14/16 children with 2/3 teachers is one of the features of our terrific program. Children will be introduced to the alphabet, colors, shapes, and numbers. **They will explore, play and discover in a safe environment with experienced teachers.**
